WORLD LEADING COMMERCIAL LAUNDRY LINEN HIRE & WORKWEAR SOLUTIONS

BUILT FOR SCALE. DESIGNED FOR SUSTAINABILITY

Setting new benchmarks for efficiency, hygiene, and cleaning performance - delivering results that redefine expectations for commercial clients.

A Purpose-Built Commercial Laundry Solution

eLaundry Commercial utilises a network of world class commercial laundry facilities, engineered for performance, reliability, and sustainability. Every process is designed to maximise efficiency while maintaining the highest hygiene and quality standards.

The concept is simple, powerful and efficient: by sharing one cutting-edge laundry centre, we leverage economies of scale, standardise operations, optimise resource utilisation, and deliver market-leading quality across multiple sectors.

WELCOME

INTRODUCTION

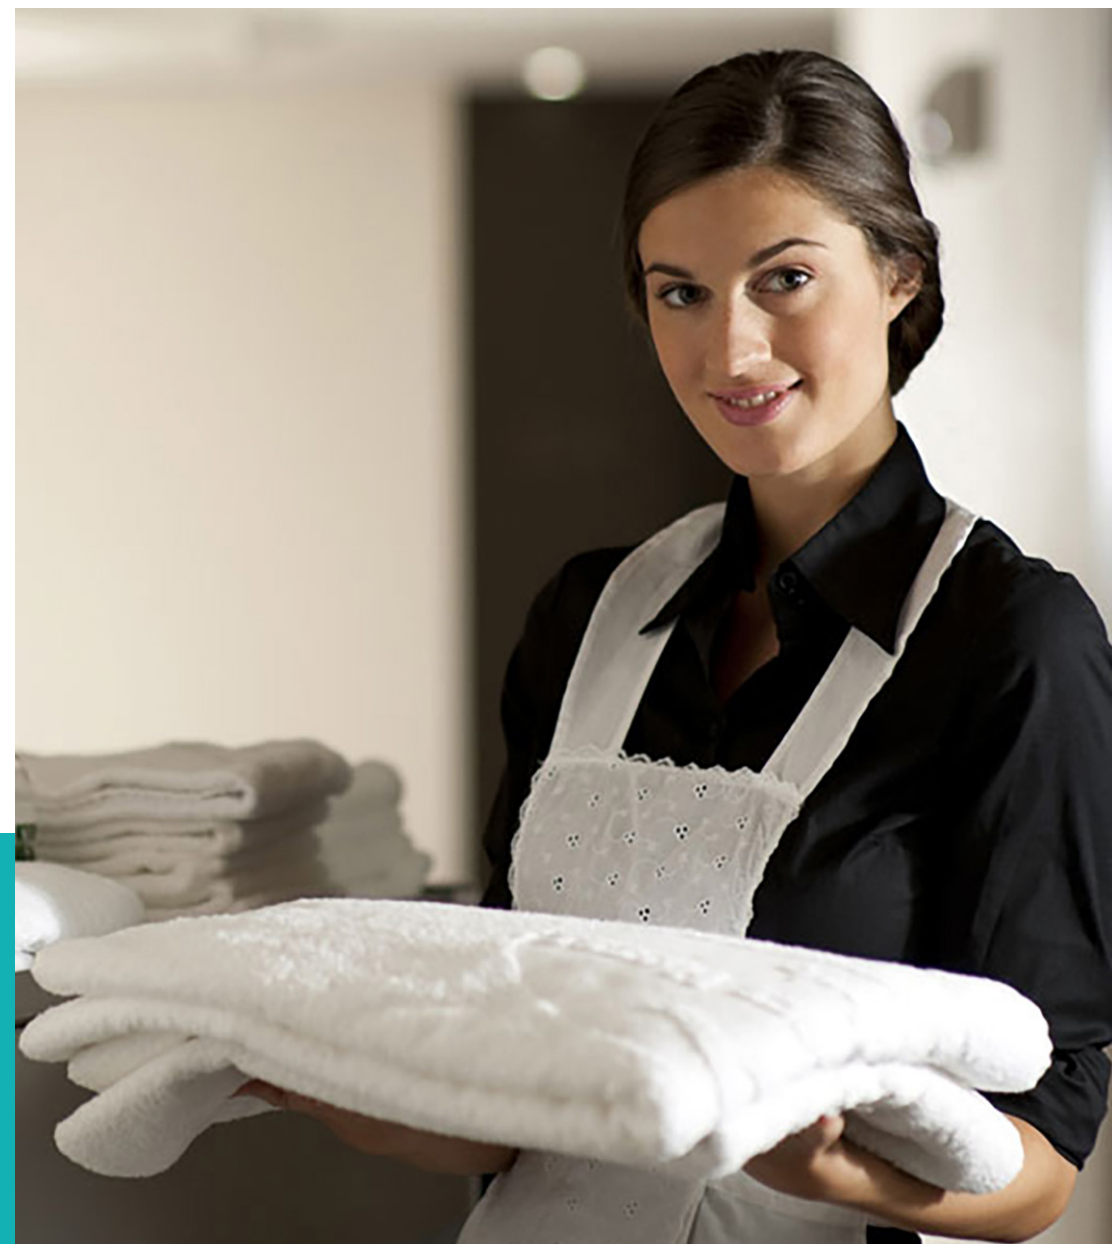

elaundry.co.uk

eLaundry Commercial specialises in full-scale laundry, linen hire and workwear rental solutions for medium to large businesses.

Their clients include hotels, spas, gyms, leisure operators, and large residential accommodation providers.

Our core services encompass a comprehensive range of solutions, including state-of-the-art laundering, meticulous garment care, efficient logistics, and customised service plans.

Laundry solutions for medium-large sized businesses

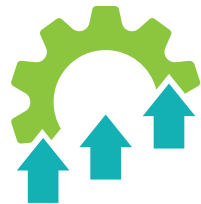

elaundrycommercial.co.uk

TARGET AUDIENCES

- Hotels, spas, leisure clubs, gyms, wellness centres
- Large student accommodation / PBSA sites needing linen & bedding services
- Hospitals, care homes, large residential complexes
- Corporate clients with uniform, linen or facility laundry needs

WHY IT WORKS

- Business-to-business focus: larger contracts, higher volumes, predictable revenue.
- Specialist services: commercial laundry services, linen hire and workwear rental solutions
- Shared facility enables economies of scale: you can service large clients without building separate plants.
- Strong brand in the marketplace known for quality and reliability.

KEY MESSAGE

eLaundry Commercial enables you to tap into the lucrative B2B laundry market with a trusted brand, high-volume capability and a differentiated service offering.

NATIONAL

ROLL OUT PLAN

We are building a national roll-out strategy that places us in key geographic locations across the UK.

EXPANSION

NATIONAL REACH & STRATEGIC ADVANTAGE

Our national reach and expanding footprint position us as a highly attractive partner for national hotel operators, hospitality chains, and multi-asset management groups seeking to streamline operations and consolidate all laundry requirements under a single, trusted service provider.

Through our shared model network, each regional site contributes to a unified national infrastructure—offering consistent service standards, centralised account management, and simplified contract administration. This allows corporate clients to achieve:

- Operational efficiency through consolidated service agreements and harmonised pricing.
- Improved cost control with predictable, scalable laundry solutions across all properties.
- Enhanced quality assurance via standardised processes, equipment, and performance monitoring.
- Sustainability benefits through optimised logistics and energy-efficient laundry operations.

By combining national capability with regional flexibility, we are positioned to negotiate and secure long-term, high-value contracts with clients who prioritise reliability, sustainability, and excellence in service delivery.

a highly attractive partner for national hotel operators...

PARTNERSHIPS

PARTNER WITH US

By partnering with us, you will gain:

- **A reliable, long-term laundry partner**
Designed to support medium to large organisations with consistent service delivery, dependable turnaround times, and clear service-level expectations.
- **Centralised commercial laundry solutions**
Simplify your operations by consolidating laundry, linen, and textile care under one trusted provider —reducing supplier complexity and administrative burden.
- **Scalable capacity to match your growth**
Our infrastructure is built to handle increasing volumes without disruption, allowing your business to scale confidently without service compromise.
- **Consistent quality and hygiene standards**
Industry-leading processes, cleanroom-style discipline, and strict quality control ensure uniform results across every collection and delivery.
- **Operational efficiency and cost control**
Economies of scale, optimised logistics, and standardised workflows help reduce overall laundry costs while maintaining premium results.

Why now?

The laundry and textile services sector is undergoing transformation: customers expect convenience, digital service, sustainability, rapid turnaround and high-quality finish.

A Partnership Built on Trust, Performance, and Sustainability. By choosing eLaundry Commercial, you are partnering with a provider committed to operational excellence, environmental responsibility, and long-term value - enabling you to focus on your core business while we take care of the textiles that support it.

B CORP

eLAUNDRY & B CORP

eLaundry is very proud to be on their B Corp journey

Unlike traditional corporations, which are primarily focused on maximum profits, B Corps commit to balance profit with purpose...

eLaundry really does care about people and the planet. Achieving B Corp certification signifies that a company is committed to being a force for good, striving for continuous improvement and leadership in corporate responsibility.

What is B Corp?

A B Corp, short for Certified B Corporation, is a certification awarded to businesses that meet high standards of social and environmental performance, accountability, and transparency. The certification is administered by B Lab who evaluates companies based on a comprehensive B Impact Assessment. This assessment measures how a company's operations affect its workers, customers, communities, and the environment.

They aim to create positive impacts for stakeholders, not just shareholders, by embedding values like sustainability, equity, and ethical governance into their business models.

HYGIENE

OUR COMMITMENT TO HYGIENE

Confidence and safety in every clean

Setting new standards in garment care, cleanliness, and environmental responsibility. We take hygiene seriously - every garment that passes through our facility is treated with the utmost care and precision.

Our cleaning processes comply with Hohenstein-certified hygiene standards, ensuring that every item is professionally sanitized and safe for use. From down-filled jackets to delicate garments, our hygiene control systems eliminate bacteria, odours, and allergens without compromising fabric quality.

Our goal is not just to clean clothes, but to deliver true hygiene you can trust.

Confidence in every clean.

We deliver true hygiene you can trust...

ENVIRONMENT

SUSTAINABILITY

Intelligent Water Management

Water is one of our most valuable resources - and we treat it that way. Our facilities use advanced water recycling, purification, and filtration systems that significantly reduce consumption while maintaining world-class cleaning performance. This ensures both environmental responsibility and exceptional cleaning consistency.

Environmental Responsibility

We're committed to reducing our environmental footprint through every step of our process.

- Eco-friendly detergents and biodegradable solvents
- Energy-efficient machinery and optimized wash cycles
- Reusable garment packaging and recycling programs

Our operations are continuously reviewed to meet the latest sustainability benchmarks, helping us contribute to a cleaner, greener future for our clients and our planet.

Sustainability in Action

Sustainability isn't a trend - it's part of our DNA. From resource management to waste reduction, every decision we make supports long-term environmental health. We partner with suppliers who share our vision of eco-responsible garment care, ensuring transparency, quality, and accountability at every level.
