OUR COMMITMENT TO HYGIENE

Setting new standards in garment care, cleanliness, and environmental responsibility.

CERTIFIED HYGIENE EXCELLENCE

We take hygiene seriously - every garment that passes through our facility is treated with the utmost care and precision. Our cleaning processes comply with Hohenstein-certified hygiene standards, ensuring that every item is professionally sanitized and safe for use. From down-filled jackets to delicate garments, our hygiene control systems eliminate bacteria, odours, and allergens without compromising fabric quality. Confidence in every clean. Our goal is not just to clean clothes, but to deliver true hygiene you can trust. Using world-leading laundry and dry-cleaning technology, we continue to set new benchmarks for efficiency, hygiene, and cleaning performance - delivering results that redefine industry standards.

SUSTAINABILITY

INTELLIGENT WATER MANAGEMENT

Water is one of our most valuable resources - and we treat it that way. Our facilities use advanced water recycling, purification, and filtration systems that significantly reduce consumption while maintaining world-class cleaning performance. This ensures both environmental responsibility and exceptional cleaning consistency.

EVERY DROP COUNTS. WE CLEAN SMARTER, NOT WASTEFULLY.

ENVIRONMENTAL RESPONSIBILITY

We're committed to reducing our environmental footprint through every step of our process.

- Eco-friendly detergents and biodegradable solvents
- Energy-efficient machinery and optimized wash cycles
- Reusable garment packaging and recycling programs

Our operations are continuously reviewed to meet the latest sustainability benchmarks, helping us contribute to a cleaner, greener future for our clients and our planet.

CLEAN GARMENTS, CLEAN CONSCIENCE.

SUSTAINABILITY IN ACTION

From resource management to waste reduction, every decision we make supports long-term environmental health. We partner with suppliers who share our vision of eco-responsible garment care, ensuring transparency, quality, and accountability at every level.

SUSTAINABILITY ISN'T A TREND — IT'S PART OF OUR DNA.

eLAUNDRY HOTEL & B-CORP

eLaundry Hotel are very proud to be on their B-Corp journey

Unlike traditional corporations, which are primarily focused on maximum profits, B Corps commit to balance profit with purpose... eLaundry Hotel really does care about people and the planet.

Achieving B Corp certification signifies that a company is committed to being a force for good, striving for continuous improvement and leadership in corporate responsibility.

WHAT IS B-CORP?

A B-Corp, short for Certified B Corporation, is a certification awarded to businesses that meet high standards of social and environmental performance, accountability, and transparency.

The certification is administered by B Lab who evaluates companies based on a comprehensive B Impact Assessment. This assessment measures how a company's operations affect its workers, customers, communities, and the environment.

They aim to create positive impacts for stakeholders, not just shareholders, by embedding values like sustainability, equity, and ethical governance into their business models.

CHARITY & COMMUNITY

We are proud to donate to charities & support the communities that we operate in.

We take great pride in collaborating with organisations that foster positive change and are continuously seeking new opportunities to contribute to the community.

Regardless of whether you represent a community initiative or a charitable organisation, eLaundry provides flexible, and in some instances, complimentary laundry services, enabling you to focus on your primary objectives.
